A SENSATION SPRUNG IN M'NAMARA TRIAL, BRIBERY IS CHARGED

(By Associated Press.)

Los Angeles, Nov., 28—Detectives from the state attorney's office headed by Samuel L. Brown, chief of the investigating committee, arrested three men on a Los Angeles street corner today charging them with attempted bribery in connection with the McNamara murder trial.

The men arrested were Bert Franklin, former United States Deputy Marshal, and now employed by the McNamara defense. George N. Lockwood, veniremen, summoned to appear before Judge Bordwell today for a preliminary examination, and "Cap" White, a character of whom nothing is known.

The men were first taken to the office of the district attorney, then to the jail. Counsel for the defense said they knew nothing of the case.

"I saw Franklin give Lockwood $500 which was found on his person when arrested," said Brown. "White had $3500 on his person when arrested. I saw the money pass from Franklin to Lockwood and I know it was in connection with the McNamara murder trial."

Brown refused to say how he knew. "I do not know anything about it," said Attorney Clarence Darrow, chief counsel for the defense.

Le Compte Davis, of the counsel for the defense, said that the marshal had been working for his side, looking up men summoned as various veniremen. The two attorneys were in court listening to the preliminary examination of veniremen when the arrest was made. When told of the arrests they left the court room.

Another kink developed in the case when Judge Monroe, of Judge Bordwell's court became authority for the statement that George Lockwood had not been reached by a subpoena. To this the deputy sheriff said that he has been out of the country for a year and a half. Detective Brown indicated that even more dramatic developments would occur.

"This is not the big smash that will come in court a little later," he declared.

District Attorney Fredericks announced that it was the theory of the state that Franklin gave Lockwood $500 as an advance payment for hanging the jury, and that he gave the $3000 to White to be held in trust to be paid to Lockwood when he carried out his part of the agreement.

State Detective Brown declared that he had known for some time of an attempt to interfere with talesmen and that he has been working on the case for several weeks. He insisted that when the whole truth is known it will furnish a sensation parallelling the original arrest of the McNamaras.

OCEAN STEAMER HAD A WILD BATTLE WITH STORM, SAILORS LOST

(By United Press)

New York, Nov. 28- A wild tale of the sea where iron nerves of hardy seamen broke and mariners wept like children, was told when the battered French steamer Santa Anna drew up off quarantine today and reported the deaths of four of her sailors and the serious injury of a number of others.

The Santa Anna left Naples on Nov. 14, with 21 first cabin, 126 second cabin and 882 steerage passengers. Heavy seas and high winds were encountered from the moment she stuck her nose into the Atlantic. On Nov. 23rd she ran into a gale against which she fought all morning. At one time during the most violent part of the storm there rose without warning a great sea almost like a tidal wave. War-like the steamer fought desperately. The giant wave seemed to hover above the prow of the ship and then fell into the bow, washing all before it. Fore astern, four able bodied seamen were soon seen swimming in the sea shrieking for help. On the deck of the vessel three seamen and a boy were lying crushed and bleeding. Life rafts were thrown to those in the sea but only one was saved. Of those injured on board one died with a broken spine.

"We ask," says Fackler, "that the Republican voters of the state be given a full opportunity either to select the delegates-at-large by a direct primary vote or be given a vote which will show their preference for a presidential candidate."

HAS CONFESSED TO 10 MURDERS

(By United Press.)

The heads of the ten victims were split open with an axe.

Several persons saw the girl in the vicinity of the Randall home Sunday night and she was arrested yesterday on suspicion. After a night in a police cell and a touch of the third degree she confessed today that she killed the entire family because they refused to obey "church orders." The negress is a deaconess in a negro church which the Randall family attended.

Under further pressure the girl admitted that the Andrus family was murdered by herself and father because they refused to obey mandates of the church. The girl said she killed them "According to messages from God."

The Marriage Of Brophy

John Brophy, the golf expert, came to The Times office Tuesday to deny that he had been married at Ironton to Miss Rose Pleasant, as told in a dispatch to Monday's Times.

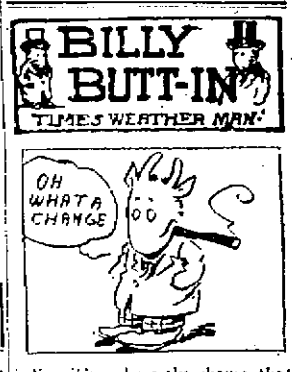

The Times called up its Ironton correspondent and he made another examination of the marriage book at the probate judge's office to see if his eyes had deceived him. He took a good long look then came back with the positive declaration that a marriage license was issued Monday to John J. Brophy, golf expert, and Miss Rose Pleasant, 18, both of Portsmouth, that the ceremony was performed by Squire Shafer, and that the couple at once returned to Portsmouth.

So there you are. If it wasn't John Brophy of the Portsmouth Golf Club who was married, it was another golf player of the same name, from Portsmouth, and with the identical plans of our John as to his future.

Is our John married or not?

P. S.—Our John is going South tomorrow morning on an extended business trip any way married or not married.

Isaac Hunter and A. N. Covert left Sunday night for Vivian, W. Va., to accept positions as carpenters on the N. & W.

Yes it's a breastly shame that I slipped a cog on this weather dope and handed out a raw day like this when I'd been intendin' all along to spring another season of fair weather. But never mind, brethren, I'll come across with th' real goods yet—soon as I get this batch o' cold goods worked off look out for something fair and warm. Here's for tomorrow:

Ohio—Rain, turning to snow, much colder, cold wave tonight; Wednesday, cold wave, snow flurries.

Kentucky—Snow and much colder with cold wave tonight; Wednesday probably fair, colder in east portion.

TO HIS HONOR.

The refusal of Governor Mann, of Virginia, to interfere in the sentence of Henry Clay Beattie, the young man, who was executed Friday, for the atrocious murder of his wife, notwithstanding the severe pressure brought upon him, manifested such a high sense of his duty, that the news later, that he had offered Beattie a reprieve of thirty days, if he would confess his crime, was inexpressibly shocking by contrast.

A more odious and brutal condition could not be conceived. Wherefore is there deep relief in the belated knowledge that Governor Mann put no such alternative up to the young man. Over his own signature Governor Mann has given solemn denial that he had any communication with Beattie personally, or by representative, after he had refused him pardon and no offer was made directly nor indirectly for his reprieve.

The report that he had done so was the lurid and unconscionable invention of the yellowest of the yellow journals.

THE GOOD OF IT.

Early Christmas buying is generally urged on a humanitarian basis, that it relieves sales people of the strain and worry of rush selling.

That is a good reason and altogether sufficient. There can be no better motive in action than consideration of the comfort and welfare of others, but there is another important reason for deliberate and early purchase of presents, the satisfaction of the recipient. One ought to give because it is his free offering for the pleasure of him who receives. This can be best attained by a little care and forethought. Going thus to the purchase the giver can study more carefully what is fitting and pleasing. Oftimes after a thing is brought home and looked at its suitableness or desirability disappears and it would be changed if there were only time.

Early buying is the best safeguard against the chagrin that arises when one feels he is giving something he would not if he had given it second thought and which will not in itself be acceptable.

NOT SOUND BUSINESS.

A state examiner finds a town that has been laying up a nice surplus annually from the revenues of its water plant and he suggests that the municipality be required in some way to reduce charges for this service, so there will be no balance of income above expenses.

He offers no reason for this suggestion not even claiming that the rates are higher than other places, being probably, content with the broad assumption that a municipality should not engage in business for profit.

In a general sense he may be right, but because a municipality in the operation of some public service lays by a surplus is not ever conclusive that it is laying by a profit. Take the case of Portsmouth. She has for several years been receiving a gross income from her waterworks far above ordinary expenses and besides relaying the mains and gradual extensions, has accumulated a handsome surplus against the coming of the proverbial rainy day. That rainy day has come and c... ith a vengeance. A new water service is to be installed while ... annexation of more territory and the admission of new additions are calling for an extraordinary extension of mains. It is right comfortable to know there is considerable money in the treasury to apply to these purposes and the laying of that much more taxes will be escaped.

Creditable altogether is the fact that this surplus sum has been laid up without any oppression against consumers. Rates for water service are so low that it would be preposterous to make them lower. The surplus was not accumulated through extortionate rates, but because the business of the waterworks was conducted upon a business basis. They were operated economically and diligence was used in making collections. If every town in the state conducted its plant after the same manner there would be more than two showing a so called profit.

DOES THEM HONOR.

The lawyers of the state are said to be unanimous for the abolition of the circuit courts.

This position does credit to their honorable profession. There is no more need for intervention of a circuit court between the common pleas and the supreme than there is for a side pocket to an alligator's hide.

As a rule the circuit court is no more qualified to determine a given matter than is the common pleas. Its chief function is to give delay to a case and give the losing combatant one more chance. Seldom are its decisions taken as final when there is anything like a close question involved.

The constitutional convention should see the circuit courts are abolished in the new instrument it has been appointed to draw. It could meet the objection that abrogation would mean the overburdening of the supreme court, always behind with its work, by creating two branches thereof, civil and criminal, and thus would be saved thousands of dollars, not alone to the taxpayers, but to litigants as well.

THE PROTRUDING SNAG.

It does beat all how these lawyers ... stir up bug dust over every proposition that comes along.

Just now they are making a muss ... promises confusion worse confounded over the work of the constitutional convention. As everybody knows, some one sought to ... of this eternal wrangle over the liquor question by allowing the convention to submit a separate and independent section, determining whether or not the state should license the sale of liquor. Seems simple enough on the face of it, but see what the lawyers have done: They say supposing the license matter is submitted separate from the main body of the constitution and licensing gets a majority of the votes, but at the same time the constitution is defeated, what then becomes of the license provision?

Ordinary folks say it becomes the fundamental law ... and according to the Prohibs and some others our ... state would be plunged into business partnership with the ... Rum. Not so fast, though say the learned luminaries of the ... This thing of the tail wagging the dog can not be "did" and ... main instrument be defeated would not that also carry the defeat of the separate section, the people nolens volens, that's legal ... for whether or not?

That is begging the question by but asking another and we will answer it by asking a third: If the people voted for the main body of the constitution and against the separate section would that defeat the section?

Roosevelt will not admit his blunder is making Taft his personally chosen successor, but he is trying his best not to be guilty of it a second time.

By this time those congressmen have made a note of the fact that Governor Harmon is not falling over himself, so to speak, in calling that extra session.

The government is going to dissolve the beef trust. If it would at the same time evolve some method of dissolving its product, it would do a good day's work.

The Taft administration has committed the unpardonable sin of legally alleging Roosevelt did not know what he was doing when he let the steel trust put one over on him.

The hustings court at Portsmouth, Virginia, is a dignified institution and to maintain itself as such has ordered the sheriff to stop the munching of peanuts while it is in session.

It is said of some courtiers, that they sneeze every time the king takes snuff. Secretary Hilles goes farther than that in devotion to his lord. Every time Taft coughs he catches cold.

The more and louder Roosevelt declaims about it the more do the people become convinced that the Steel Trust put one over on him in that Tennessee Coal and Iron deal.

WITH THE HUNTERS

Barber Bert Baker returned Monday night from a two weeks' hunt in Gallia county and found himself decidedly up against it trying to square himself with friends he had promised to remember. He was compelled to take his meals off the mantle and lost twenty pounds through the process.

O. M. Coburn, Jr., and Al Lightner went to Lick Run back of Wheelersburg last week where they stopped with Mr. Nagel, the owner of a fine rabbit dog. Mr. Nagel permitted his guests to use his fine dog and when the animal started a rabbit toward the hunters Mr. Coburn who was within a few feet of bre'er rabbit became so scared that it was hard to tell which ran the fastest, Mr. Coburn or Mr. Rabbit.

ConsumptionOftenDevelops From Pneumonia

Consumption readily attacks those who have had Pneumonia. Many sufferers from Tuberculosis give a history of having had Pneumonia. The lungs thus weakened are more easily attacked by the germs that cause Consumption.

For all those with "weak lungs," especially those who have had Pneumonia, Eckman's Alterative is the appropriate remedy. Cures of Consumption are accomplished by Eckman's Alterative. But take it in time. There is no wisdom in waiting until Tuberculosis is established. Health is never fully valued until sickness comes. A remarkable recovery follows:

3?? N. 41st St., Phila., Pa.

"Gentlemen: I wish I had known of Eckman's Alterative two years ago. Since taking it, following a bad attack of Pneumonia, I have gained twenty-eight pounds, and I cannot but be very thankful to you and the Almighty God for the great blessing and change of health it has brought me."

(Signed Affidavit) THOMAS REILLY.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and Fisher & Streich Pharmacy

SMASHED HIS OWN HAT

For a time Tuesday afternoon it looked as though a young farmer boy would be run down by a street car in a chase for his hat, which the wind was carrying up Third street at a fast clip. The hat seemed to want to get under the car, and the fellow was determined to save it from being ruined or sacrifice his life. Once he fell and came within an ace of being hit by the wheels. Finally the wind veered his hat to the other side of the street, where it landed in a mud puddle. Picking it up, he was so overcome with anger that he rammed his fist through the crown, much to the delight of pedestrians, who had all they could do to stay on their feet, so strong was the wind.

Statistics Of Crime

Columbus, O., Nov. 28.—Crime statistics gathered by Secretary H. H. Shirer, of the state board of charities, and which will be made a part of the board's annual report, show that Geauga county is more nearly law-abiding than any other county in the state. In one year there were only three persons in the jail. One was a woman.

The county also is one of the few which sent no persons to state penal institutions. Others are Fayette, Henry, Holmes, Mercer, Monroe, Morgan, Pike, Preble and Union. Mercer and Henry are the two wet counties in the honor list. Those who had no convicts to send to the penitentiary are Adams, Carroll, Crawford, Highland, Logan, Miami Putnam, Wayne and Wyandot.

Cuyahoga leads all those in number sent to penal institutions. Her record is 162 to the penitentiary and 147 to the reformatory. Others are: Hamilton, penitentiary 68, reformatory 50; Lucas penitentiary 70, reformatory 5?; Franklin, penitentiary 52, reformatory 11. There have been 16,012 males and 1,978 females confined in county jails.

BISHOP MOORE'S WIFE LAID TO REST TUESDAY

Cincinnati, Nov. 28—Four sons of Bishop Moore carried the casket of their mother when funeral services for Mrs. David Moore were held at the Walnut Hills M. E. church Monday afternoon. The pallbearers were Dr. D. Moore of Chicago, Attorney W. A. Moore and Julian H. Moore of Denver and Alfred T. Moore of New York, assisted by the Rev. Albert Nast and Dr. H. C. Weakley.

Bishop Earl Cranston, who preached the funeral sermon, came from Denver to be able to perform the service for Bishop Moore, his lifelong friend and comrade. The Rev. M. A. Farr presided at the services, assisted by Dr. H. C. Jameson and Dr. W. A. Robinson. Two years ago Bishop Moore and his wife celebrated their golden wedding. The long and beautiful married life of the couple was referred to by Bishop Cranston with a tenderness that brought tears to the eyes of the many friends who made up the congregation.

At the conclusion of the services members of the family took the train for Athens, O., accompanying the remains which are to be interred in the little cemetery near the country home of Bishop Moore. The immeasurable floral offerings represented church dignitaries and prominent men and women of all parts of the country. An especially beautiful cluster of flowers was from the Methodist Ministers' Association of Cincinnati, which was represented by a special committee at the services.

ACTUAL STARVATION

Facts About Indigestion and its Relief That Should Interest You

Although Indigestion and Dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good-smelling, and good-tasting food, because it does not agree with them.

The best thing to do is to fit yourself to digest any good food.

We believe we can relieve Dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with Indigestion or Dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect and healthy digestion and assimilation.

A 25c package of Rexall Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have two larger sizes which sell for 50c and $1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Worster Bros., 419 Chillicothe Street.

RIVER NEWS

The government gauge at the local wharf showed 19 feet and falling Tuesday.

Boats for Wednesday are:

The Tuscoma down for Cincinnati at 6 p. m.

The Greenwood up for Pomeroy at 10 a. m.

The Ohio up for Pittsburg at 9 a. m.

The Greyhound for Huntington, at the usual hour, 2:30 p. m.

One of the first signs that winter is really here, comes when the boats begin to lay up for winter harbor.

The dredge boats employed at Dam 28, and also at the dam at Clyffside have been removed to the Kanawha river, where they will anchor for the winter.

Other boats along the Ohio and many of the local crafts have sought resting places for the winter, safe from the fury of the elements.

GOVERNOR'S SPECIAL IS ON GREAT EASTERN INVASION

(By United Press.)

St. Paul, Minn., Nov. 28.—Governors from all over the West, who assembled in St. Paul yesterday and departed last night on the "western governors' special," are today beginning their invasion of the East. The special will carry 10 governors and the agriculture exhibits of 10 states for 4,000 miles throughout the East.

Among the cities to be visited are Chicago, Kalamazoo, Grand Rapids, Detroit, Cleveland, Columbus, Buffalo, Rochester, Syracuse, Utica, Albany, Washington, Baltimore, New York, Pittsburg and Philadelphia. The governors who will make the trip are: Jas. H. Hawley, Idaho; John Burke, North Dakota; A. O. Eberhardt, Minn.; R. S. Vessey, South Dakota; Edwin L. Norris, Montana; J. M. Carey, Wyoming; Oswald West, Oregon, and John F. Shafroth, Colorado. J. F. Barnes will represent Gov. E. M. Hay, of Washington, and Gov. Hiram Johnson will be represented by Colvin Brown.

Receptions and special gatherings have been prepared for the governors in the eastern cities. The object of taking the west to the east is purely an educational one. The train will return to St. Paul Dec. 16 in time for the governors to visit the northwestern land products show Dec. 18 to 23.

WAS NUISANCE AT HOTEL

C. F. Pickens, a bricklayer, was taken into custody by the police Tuesday morning to keep him from annoying the Biggs House management.

Pickens was somewhat under the influence of liquor and persisted in making demands upon Landlord Dave Tipton and wife for the effects of J. H. Brown, Jr., a traveling agent of Leslie's Weekly.

He had done some work for Brown and when the latter left unexpectedly Saturday, Pickens induced a chambermaid to open Brown's room and he proceeded to take some of the premiums. Mrs. Tipton refused to allow him to take away any of the goods but at frequent intervals he would make demands for same. Brown, on Tuesday morning, wrote that he was at his home in Cincinnati and to allow no one to disturb his effects here.

Miss McCall, a young woman, appeared to the police Monday evening to aid her in recovering her effects at Mrs. Glover's boarding house at No. 209 Gallia street. Though she was not indebted to Mrs. Glover the latter was holding her clothes, she claimed. Chief McCarty will investigate.

Will Dietel, a West Second street grocer, who has been ill with typhoid fever for some weeks past, on Tuesday morning, wrote that is now steadily recovering.

Thought It Was Coffee Until Wife Told Him!

ONE day the wife of a prominent Ohio man served Fitch's GRAINS OF HEALTH instead of coffee for dinner.

Her husband was very particular about his coffee. She didn't say anything about the change.

What was her astonishment as the meal passed and her husband didn't discover a difference.

He simply asked for an extra cup and remarked that "the coffee" was unusually good.

For ten months he drank Fitch's GRAINS OF HEALTH before he knew it. And then his wife told him!

Fitch's Grains of Health

The Coffee Substitute With the Coffee Taste

is the only substitute for coffee which smells like coffee—tastes like coffee—has all the coffee satisfaction—without a single bad effect of coffee.

People who dare not touch coffee, can drink all they want of Fitch's GRAINS OF HEALTH. It is good for them. Doctors recommend it.

In Fitch's GRAINS OF HEALTH a special high-grade blend of coffee is so combined with roots, herbs and vegetables that the caffeine is counteracted. It is a health drink! Try a package today.

Fitch's GRAINS OF HEALTH is sold by all leading grocers. The price is 50 cents the pound package. It is ground. Ready for use. It is just as easy to prepare as coffee—but only half as much Fitch's GRAINS OF HEALTH is required as coffee—a teaspoonful to a cup. Therefore it really costs only half as much as good coffee.

If your grocer cannot supply you, write us, mentioning his name, and we will send you a generous sample package of Fitch's GRAINS OF HEALTH (enough to serve a large family at breakfast) and a booklet telling you all about Fitch's GRAINS OF HEALTH. Enclose 6 cents in stamps for postage.

Squire J. N. Brickey says Greenup, Ky., Monday had the "sweetest" little railroad platform he ever saw.

There were 3800 gallons of sorghum molasses on the platform which had been brought in from the surrounding country and taken to Greenup where it was being shipped to Cincinnati, in the name of the Pierce-Kinner Company.

The squire has been in Greenup attending court and says the next time he goes he will take a few biscuits along.

ENDS STOMACH DISTRESS AND INDIGESTION

Why not get some now—this moment, and forever rid yourself of Stomach trouble and Indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Dyspepsia to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and Dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines and, besides, one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapepsin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to take a little Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to become thoroughly cured this time.

Remember, if your stomach feels out of order and uncomfortable now, you can surely get relief in five minutes.

THEATRICAL

AT THE SUN.

There is a real good bill at the new Sun theatre for the first half, which is featured by the classy singing act of Trix Martin, who is billed as the Southern song bird. She sings capitally and ran away with the applause at the opening performances. Her rendition of "The Bowery" and "Oh, You Beautiful Doll" was very pleasing.

Next came the Three Marvins, who have a great acrobatic act that is nicely staged.

Others on the bill are Goodrich and Lingham, in a sketch called "Betty," which could have been called many other things, and The Wardsworths.

The Thanksgiving bill at the Sun theatre the last half of the week begins with a matinee on Thursday. The bill is headed by the great and only Four Musical Hodges who give popular selections upon various instruments. The athletes Paul Francis and Charles Lewis, presenting their novelty-comedy strong act balancing tables on a straw, turning somersaults with 100 pound dumbells, etc. Leon and Bestie Allen in a comedy musical playlet entitled "Detained at the Office"; acrobatic dancer, Miss Wayne LaMar in a repertoire of Spanish dancing, acrobatic dancing and contortion work. Special motion pictures for Thanksgiving will be presented by the Sunscope.

HAD BEEN DOCTORING A YEAR FOR ECZEMA

A Remarkable and Convincing Statement of the Success of Cuticura Soap and Ointment in the Treatment of the Pain, Itching and Burning of Eczema

"I, the undersigned, cannot give enough praise to the Cuticura Remedies. I had been doctoring for at least a year for eczema on my foot. I had tried doctor after doctor all to no avail. When a young girl I sprained my ankle three different times. I paid little or no attention to it, when five years ago a small spot showed upon my left ankle. I was worried and sent for a doctor. He said it was eczema. He cleared a small hole from the ankle about the size of a match and about an inch long. The small hole grew to about the size of an apple, and the eczema spread to the knee. The doctors never could heal the hole in the ankle. The whole foot ran water all the time.

"My husband and my sons were up night and day wheeling me from one room to another in the hope of giving me some relief. I would sit for hours at a time in front of the fireplace hoping for daybreak. The pain was so intense I was almost crazy, in fact, I would lose my reason for hours at a time. One day a friend of mine dropped in to see me. She came like an angel. He said: 'Mrs. Finnegan, why in the world don't you try the Cuticura Remedies?' Being disgusted with the doctors and their medicines, and not being able to sleep at all, I decided to give the Cuticura Soap and Cuticura Ointment a trial. After using them three days that night I slept as sound as a silver dollar for eight long hours. I awoke in the morning with but very little pain, in fact, I thought I was in heaven. After using the Cuticura Remedies for three months I was perfectly restored to health, thanks to the Cuticura Soap and Ointment. I will be sixty-four years of age my next birthday. (Signed) Mrs. Julia Finnegan, Jan. 29, 1911. Permanent address: 2644 Hebert St., St. Louis, Mo. Mar. 7, '11.

Cuticura Soap and Ointment are sold throughout the world. Send to Potter Drug & Chem. Corp., Boston, Mass., U.S.A., for free sample of each with 32-p. book on the skin.

PRIVATE LOANS

THERE is not a man or woman in this city who would borrow a dollar from any company if they knew and realized how this institution is conducted; how fair, conservative and liberal its policy is; a policy that for twenty years has conformed to the wishes and needs of thousands of people, who today are counted the best asset of this company. It is this policy that has paved the way for our success. It is this policy that has won over the combined and crushing opposition of all competitors. They, themselves cannot say a word against it, because our policy is right and legitimate.

A session of common pleas criminal court was held Tuesday forenoon, when a number of persons indicted by the recent grand jury appeared before Judge Blair and entered their pleas.

Louis Semones, 22, a former recording secretary of the New Boston Council, Jr. O. U. A. M., pleaded guilty of misappropriating funds of the lodge to the amount of $92.25. The young man was very frank in answering questions of the court by admitting he had appropriated the money to his own use and spent part of it taking girls to shows. The defendant was ordered to reimburse the lodge and was allowed to go, with instructions to report to the court every month the amount of his earnings and how he expended them. Semones is employed at the steel plant.

Roscoe Blackburn, Otway young man, was fined $1.00 and costs after pleading guilty to provoking a breach of the peace. He was a player on one of the teams in a game of ball at McDermott on a Sunday last summer, which broke up in a row.

Henry and Mills Billings both entered pleas of guilty to assault and battery and Josie Billings to attempting to provoke a breach of the peace. The defendants engaged in a fight with Mr. and Mrs. Pearl Bates at New Boston.

Sentence was deferred and all were allowed to go until later.

Sam Johnson, a colored vault digger, admitted his guilt of shooting crap, but as a number of other handlers of the "bones" were indicted, sentence was deferred until the others are brought in.

Thomas Burchett, a Rocky Fork young man, indicted for malicious destruction of property, pleaded not guilty and his trial was set for next Monday at one o'clock, at which time the petit jury has been ordered to report. Burchett is alleged to have destroyed water melon vines on the lands of William Eichenlaub.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

The ladies of the Second Presbyterian church received informally this afternoon, commemorating the dedication of their handsome new church. The arrangements, complete in every detail, were made by the various committees, for the pleasure of the guests, and between the hours of two-thirty and five, hundreds of women enjoyed the gracious hospitality extended. The gracefully arranged decorations in the different rooms added much to the brilliance of the scene. On entering the church the guests were greeted by Mesdames A. E. Everard, George Thomas, Miss Alice Higgins and Miss Jeanette Silcox, who ushered them into the ladies' reception room, where one was immediately impressed with the coziness of the apartment and the dainty decorations of smilax and pink carnations. In the chapel and handsome auditorium, where the guests mingled in social converse, the following women graciously presided: Mesdames Charles Robertson, W. W. Gates, Jr., A. C. Williams, W. H. Smith, Irving Drew, J. E. Williams, W. L. Lecdom, W. G. Williams, C. E. Downing and H. W. Heer. At intervals during the reception hours, Mrs. Edgar Draper, for years the dearly beloved organist of the church, and Mr. Edgar Chipman, the present organist and director, exquisitely rendered selections on the great organ. The privilege of the guests to explore every nook and corner in the splendid edifice added greatly to the pleasure of the afternoon, the following ladies presiding on the escort committee, which looked after this feature: Mesdames T. RENGO BELT CORSETS

make the most beautiful figure and do it with such comfort that they are a revelation to every woman who wears them for the first time.

Improper fitting of corsets, no matter how perfectly they are made, will produce a stiff and anything but graceful appearance, also a world of discomfort.

The new Rengo Belt Corsets are perfection as regards fit. Be sure to select a size not too small—and when you have the right size, the **figure lines will be absolutely perfect** whether you are stout or medium. Rengo Belt Corsets are designed for perfect form producers. The larger sizes are just as perfect as the smaller—the proportions throughout are beautiful.

It is because you do not need to select a tight, pinching size of these corsets in order to make a trim, neat figure that all women who wear them declare they are "a revelation of perfect lines and comfort." Many women actually believe that these two most desirable corset features cannot be combined in one garment.

To all such women we say—select a Rengo Belt Corset of comfortable size and you will be surprised at the slender appearance, grace and freedom of movement which will add charm to the superb lines of your figure.

All sorts, all grades of flour.

But millions of women have made their comparisons, and the figures above show the test of time.

You'll reach the same conclusion.

Sometime you'll insist, like these millions of others, on Gold Medal Flour for your baking.

For Gold Medal Flour we use selected wheat.

We wash and brush and scour it.

We pass it through twenty grindings.

Then the flour is sifted, ten times over, through fine-mesh silk.

Only the flour that comes through—the perfect flour—ever goes into Gold Medal barrels and bags.

PRINCESS IRIS AT GRAND TOMORROW

Mildred and Romiere have received many flattering offers from New York and London managers to appear in the leading vaudeville theatres—these theatres now draw the cream of big city audiences, but fearing their position might be misunderstood by their thousands of admirers all over the country, they have so far declined to depart from their usual custom of appearing at the head of their own company, playing in the leading theatres, and as every season more firmly establishes them with their own clientele there is no likelihood of them accepting vaudeville offers.

This season they are presenting an imaginative fantasy entitled "Princess Iris," introducing many beautiful and bewildering illusions, pleasing specialties and a story that runs through the play that will appeal to the most exacting, it is a play that will please young people of all ages. They will be at the Grand opera house Wednesday evening only.

Business Men Plan Saloon Regulation

At a meeting of the Business Men's League, held at the Washington Hotel, Monday evening, the following board of directors was elected by ballot: Alex M. Glockner, Samuel Horchow, J. J. Orlatt, Frank L. Sikes, David Stahler, Si Straus and David Alspaugh. The directors will meet within the next day or so, and the tip is out that Samuel Horchow or Si Straus will be chosen president.

At the meeting the league decided to at once take steps to prevent liquor being sold to minors. They will publish the law on large posters and have it displayed in a conspicuous place in every saloon in the city. The league will also prosecute all minors who enter saloons. There is a heavy fine against minors entering saloons, and the league will see to it that the law is rigidly enforced. The League will also insist that saloonkeepers refrain from selling to minors or habitual drunkards, and if they do not conform to the law in this regard the league will take steps to prosecute the violators.

NO HOUSES FOR RENT

C. S. Cadot & Son, rental agents, stated to a Times reporter that never had they seen so few empty houses, and for the first time since they started in busines they did not have a single house for rent. They believe that if a census of Portsmouth were taken it would show a population of not less than 30,000.

MORE TALK OF BRIDGE

There was a strong tip going the round in local financial circles Tuesday that the proposed C. & O. bridge would span the Ohio river at this point and not at Scioto ville.

The rumor could not be verified. The improvement will cost $1,500,000. According to the Times' informant the blue prints have been prepared for some time.

RINGWORM

AN EASY AND VERY SUCCESSFUL TREATMENT.

Try this remedy at our risk.

You know what ringworm looks like—starting as a little circular patch of tiny pimples, which dry up into scales and are followed by another crop on the outer edge, thus enlarging the ring all the time.

It may be caught from other children, and from dogs and cats. Tincture of iodine is the old remedy, but we have a better one now—Saxon Salve, our new skin remedy.

Apply Saxon Salve a few times (as directed by the book in the box) and the ringworm vanishes. Saxon Salve so saturates the skin with its powerful, yet soothing ingredients, that the ringworm parasites are destroyed.

Of course Saxon Salve has many other uses. All kinds of skin eruptions and disorders, eczema, barber's itch and tetter yield to Saxon Salve. It is a wonderful remedy and we guarantee it most positively.—Frank Amann, Druggist.

YOUR KIDNEYS NEED CLEANING.

Every Person, Healthy or Unhealthy, ought to Give the Kidneys a Thorough Cleaning Right Now.

You clean your teeth daily. You wouldn't think of doing otherwise, and yet the teeth are not one-tenth so important to health, strength and a long life as the kidneys.

Do you known that the kidneys are little strainers or fine sieves, through which every drop of blood in the body passes again and again?

And when the kidneys become clogged they are unable to strain the impure matter from the blood, and it stays in the blood and causes disease in various parts of the body. Take rheumatism, for instance, this terrible disease is caused by uric acid in the blood, and uric acid gets into the blood only when the kidneys are clogged up and are unable to properly strain the impurities.

Just go to The Pure Drug Company today and get a bottle of Thompson's Barosma, the most scientific kidney, liver and bladder regulator the world has ever known. take it regularly for two weeks, and all the impure matter in your kidneys will pass out through the bladder, and your kidneys will be as pure and clean and healthy as any kidneys can be.

Thompson's Barosma is guaranteed by The Pure Drug Co. to cure all diseases of the kidneys, liver and bladder, or money back. It is a wonderful tonic and blood purifier and will bring the glow of health to the cheeks of the sick in a short time. 50 cents and $1.00 a bottle. All druggists.

MORE OLD COINS

BULLETIN.

Geo. Balmert, Enquirer agent, informs the Times just before going to press that he has a coin story for Wednesday's issue that will make all the curio owners sit up and take notice. Watch for it.

"Say, you Times reporter, come hither, and let me show you a coin that has everything in the country bucked off the hounds."

That's the way Phil Hise came at the "Coin Editor" Tuesday morning, as he was hustling up Gallia street at a rapid gait, intent on a news expedition.

So the "Coin Editor" halted in his tracks and Phil began pulling out a wallet. Finally away down at the bottom, he found the coin he was looking for. It was as bright as a new minted dollar, and bore the date of 1671. Phil himself does not know the "nationality" of the coin, but he does know that he refused an offer of $50.00 for the coin while in Cincinnati a few weeks ago. Asked why he had turned the offer down, Mr. Hise says the coin is worth an even hundred dollars, and that he expects to receive that sum for it before long.

M. F. McCoy, of Wheelersburg, weighs in with a coin story that is a good one, too. He has two half cent pieces of the date of 1826 and 1849, respectively. He also has two silver pieces of the date of 1756 and 177. But best of all he has a copper piece of money under the date of 1277. That's the oldest so far reported.

Henry Faivre, president of the Hammer Club, comes to the front with coin story No. 237. And Henry's coins, two of them, both have a history, especially the older of the two, which, if it keeps out of the smelting pot until 1912, it will have reached the age of one hundred years. The other one is a younger brother, bearing the date of 1841. Said coins, five franc pieces, and worth about $1.00 each.

It is of the oldest coin the president of the Hummer club loves to speak. Said coin, as stated above, has a history, a bloody one, too; for it was picked up in Napoleon's tent at Moscow by a Russian soldier, who participated in that great siege. The coin at that time was but one year old. The soldier carried it home, and inasmuch as he considered it a memento of the historic battle, he refused to part with it, and it passed to his wife, as he cashed in his chips ten years afterwards. The widow clung to the coin with a desperate grip until poverty came her way, and she was sold out of house and home by a cruel landlord. Just as the auction was going on a Russian tailor happened along, and he purchased the five franc piece for a trifle. He afterwards came to America and secured work in Portsmouth with Jake Linck, the tailor, who at that time was operating a shop on Chillicothe street. The tailor, who was old and frail, showed Mr. Linck the coin and stated he would part with it providing somebody wanted it worse than he did. Mr. Linck took the coin to Mr. Faivre, who gave the fellow $3.00 for the coin.

The money bears the bust of Napoleon I. Mr. Faivre values the other five franc piece very highly because it was given to him by his mother shortly before her death. It bears the bust of Louis Philippi.

Jingle coins, jingle coins, jingle all the day. If the Times had the coins that it has heard about during the past few weeks, some of the reporters would be able to buy a Thanksgiving turkey for Thursday, but it was the same old story today, just another "let me tell you about a coin that I have."

This time it was a voice over the phone from the hills of Kentucky. It was Mr. William Hunt, who possesses a dollar that was coined in 1716. The Times asked Mr. Hunt how long he had been in possession of the coin, and he said ever since he was born, but he would not tell how old he was.

GAINED 30 POUNDS

In Wasting Diseases Your Weight Is the Index of Your Condition.

If you are suffering from lack of blood, or anaemia, read this true story of the symptoms of a typical case and of its cure by Dr. Williams' Pink Pills for Pale People, as related by Miss Kathleen Lee, of Jefferson, Mass.

"Some years ago," she says, "I was run down to a mere shadow through suffering from anaemia. I was sick for ten years from the time I was a young girl and was often confined to bed. My lips and ears were without a particle of color and I was pale and thin. I had an awful cough, my nerves were weak and many nights I could not sleep at all. My appetite was poor, my eyes troubled me, there were black clouds before them and I grew very despondent. I had to give up work and was in this condition until about three years ago when I began to take Dr. Williams' Pink Pills for Pale People.

"I was treated by doctors for a long time but they didn't do me a particle of good. Dr. Williams' Pink Pills for Pale People were recommended to me by a druggist and also by a friend who had used them with benefit. I bought three boxes and after taking them felt so much better that I kept on taking them regularly for quite a while. I couldn't be in better health than I am now and my friends often ask me what has made me look so well. I eat heartily, can do a good day's work and my nerves are strong. Since taking the pills I have increased in weight from 90 to 120 pounds."

There must be no guess work about the treatment of pale, anaemic girls. Mistakes or delay in the treatment may result in such a serious impairment of their health that they will be weak and sickly during the rest of their lives. In this disease there is a loss of richness in the blood and an entire inability of the system to make good this loss without careful treatment. The most satisfactory way to give the blood the elements which it lacks is through Dr. Williams' Pink Pills for Pale People. A thorough, persistent trial will restore the blood to its normal richness and health.

A new edition of our booklet, "Diseases of the Blood," will be sent free on request to any one interested.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50c. per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

Bowels are Basis of Child Health

The careful mother, who watches closely the physical peculiarities of her children, will soon discover that the most important thing in connection with a child's constant good health is to keep the bowels regularly open. Sluggish bowels will be followed by loss of appetite, restlessness during sleep, irritability and a dozen and one similar evidences of physical disorder.

At the first sign of such disorder give the child a teaspoonful of Dr. Caldwell's Syrup Pepsin at night on retiring and repeat the dose the following night if necessary—more than that will scarcely be needed. You will find that the child will recover its accustomed good spirits at once and will eat and sleep normally.

This remedy is a vast improvement over salts, cathartics, laxative waters and similar things, which are altogether too powerful for a child. The homes of Mrs. Geo. L. Ormsby, Xenia, Ohio, and Mrs. Jas. McLain, Hammondsville, Ohio, are always supplied with Dr. Caldwell's Syrup Pepsin, and with them, as with thousands of others, there is no substitute for this grand laxative. It is really more than a laxative, for it contains superior tonic properties which help to tone and strengthen the stomach, liver and bowels so that after a brief use of it all laxatives can be dispensed with and nature will do its own work.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

OBITUARY

Martha Mary Ashton.

The subject of this sketch, Martha Mary Ashton, daughter of Joseph and Matilda Ashton, and grand daughter of Major Joseph Ashton, was born at Edinburg, Lawrence county, Pa., December 11, 1841.

In very early life her parents moved to New Richmond, Ohio, where they lived for some years and where Martha attended school at Clermont Academy.

In 1856 her parents went to Portsmouth, Ohio. Here she completed her education and spent her young womanhood.

She distinguished herself during her school life by striking literary ability, and if opportunity had afforded, might have become an authoress of prominence. This talent has always been freely given for her friends. Many can testify to the solace and comfort given to them in time of grief and trouble by her tender and sympathetic words.

When sixteen years of age she embraced religion, and became a member of the Methodist church in Portsmouth, Ohio. Since that time she has been a devoted, conscientious consistent Christian. Her sincere child-like faith was a marked characteristic.

In 1868 she was married to Mr. Isaiah Gall, of Sinking Springs. To them were given five children, one son and four daughters: Joseph Edwin, of Peebles; Mrs. Jas. Frost, residing near here; Mrs. U. A. Swisshelm, of Mound City, Ill.; Louisa F., who died in infancy, and Mrs. Edward Redick, at present residing here. She leaves her husband, these children and an only sister, Mrs. Pauline McKeown, of Portsmouth, Ohio, to mourn their loss.

She was a devoted, loving, self-sacrificing mother and wife. With the exception of four years her entire married life was spent here, where she endeared herself to many devoted and admiring friends.

Her heart and home were ever open to calls of distress. Among the sick she was an angel of mercy. No appeal came to her in vain.

Her life was one of service truly. Her beautiful and consistent christian life and character will be a blessed memory to her husband and children. The prayers and gratitude of the many that she has served and helped will rise as sweet incense to waft her gentle spirit to realms above.

She will be sadly missed in the church that she so dearly loved. Sadly missed in the W. C. T. U. circles, among whom she was the guiding spirit.

But oh, how sadly missed by her husband and near relatives. Truly her work is finished here and her last glad triumphant cry might be: "I have fought a good fight, I have finished my course, I have kept the faith. Henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous judge, shall give me this day."

The following is a tribute to Mrs. Mattie M. Gall, from the sisters of the Sinking Springs W. C. T. U.:

"Nor bard, nor sage may comprehend
The heaven of love to which we tend:
Our home is not this mortal clime,
Our life hath not its bounds in time:
And death is but the cloud that lies
Between our souls and Paradise."

We would not come with excessive praise, but with simple words of love and true appreciation of our valued president.

She has been the faithful president of Sinking Springs Union for fifteen years or more, and has always taken the lead on all occasions, and we feel that all that we may say will be but a feeble effort to do justice to her memory, in this little tribute of love. She has said that she loved the union next to her church, and she surely did, for she was never willingly absent from a meeting, and we never thought of such a thing as failure with our Mrs. Gall present.

Some years ago when our number was small, we would fail to have the regular meetings, and she would go, or send her daughter, Bessie, to notify us that we must get together, and so on and on from year to year, she untiringly worked for the cause she loved so well. How we shall miss her I can not express.

Not the union alone will miss her, for the church and Sunday school have lost one of their most faithful attendants and helpers, and the town and community a friend and helper in all times of need and distress.

Mrs. Gall was a woman of superior intelligence, gifted in writing fluently and speaking with freedom. She took an earnest interest in all things worth while.

Her sympathetic heart beating responsive to the great heart of humanity, she was of a very spiritual nature, also very human in her devotion to friends and loved ones.

She was so ably gifted in the power of prayer that it was commented on by many.

In the din of the battle, with her armor on, this brave soul has passed from labor to reward. Her mission ended here; she is called to that land where her infinite powers of mind and soul will be attuned to heavenly harmony.

Her memory will ever live in the hearts of her friends, and like an undying perfume, grow sweeter as the years roll on.

Our hearts go out in prayer to God, that He will sustain and comfort the family she loved so well.

"Yes, often in the hours of holy thought,
To the thirsting soul is given
That power to pierce through the mist of sense,
To the beauteous scenes of heaven,
Then very near seem its pearly gates,
And sweetly its harpings fall;
Till the soul is restless to soar away,
And longs for the angel's call.

"I know when the silver cord is loosed,
When the veil is rent away,
Not long and dark will the passage be,
To the realms of endless day,
The eye that shuts in the dying hour
Will open the next in bliss;
The welcome will sound in the heavenly world,
Ere the farewell is hushed in this."

Edward Tuggle

Stricken with paralysis, Edward Tuggle, a well known citizen of Maysville, who had many friends there, died very suddenly and unexpectedly Monday afternoon. He was a close friend of Col. Wm. Morford of this city.

Mrs. O'Neal

Kelley

The funeral of Joshua Kelley, who died Sunday at his home at Laurel Furnace, back of Greenup, and whose death was briefly mentioned in Monday's Times, will take place at Ironton Wednesday afternoon. Besides his wife he leaves three daughters, one of whom resides in Texas. His aged mother, who is 90 years of age, also survives.

Lawrence Flannigan.

The funeral of Lawrence Flannigan, eldest son of John F. Flannigan, was held from Holy Redeemer church, Tuesday morning, with a large congregation of sorrowing relatives and sympathetic friends present. Father McGuirk officiated and paid a most touching tribute to this young man, who was pre-eminent for his devotion to his parents, his consideration for his sisters and brothers and his faithfulness to his church and interest in all her works and charities, and holding him up as a model Catholic youth.

Captain Adam Buch, Joseph Frantz, John W. Snyder and Vallee Harold officiated as honorary pallbearers from the Knights of Columbus, of which Lawrence was a member and the regular pallbearers were Pat Coll, Louis Sommer, Ralph Brennan, Lawrence Wagner, Arthur Gerlach and Michael Whalen.

A large and beautiful mass of floral tokens betokened the esteem in which the young man was held and the sympathy of friends with the family in its bereavement.

Joseph Carroll of Hillsboro, and John Breen of Chillicothe, were among the attendants at the services from abroad.

In Memoriam.

In memory of Brother William Turner who died Friday, November 24, 1911.

Once again death has summoned a brother Odd Fellow and the Golden Gate way to the Eternal City has opened up to welcome him to his home. He has completed his work in ministering to the wants of the afflicted, in shedding light into darkened souls and bringing joy into places of misery.

And as his reward has received the plaudit, "Well Done" from the Supreme Master, and

Whereas: The All Wise and merciful father has called our beloved and respected brother home, and

Whereas, he having been a true and faithful brother of our mystic order, therefore be it resolved,

That the Scioto Lodge No. 31, Independent Order of Odd Fellows in testimony of her love tenders to the family of the deceased brother the sincerest condolence in their deep affliction, and that a copy of these resolutions be sent to the family.

COFFEE HEART

As Dangerous as the Tobacco or Whiskey Heart.

"Coffee heart" is common to many coffee users and is liable to send the owner to his or her long home if the drug is persisted in. You can run 30 or 40 yards and find out if your heart is troubled. A lady who was once a victim of the "coffee heart" writes from Oregon:

"I have been a habitual user of coffee all my life and have suffered very much in recent years from ailments which I became satisfied were directly due to the poison in the beverage, such as torpid liver and indigestion, which in turn made my complexion blotchy and muddy.

"Then my heart became affected. It would beat most rapidly just after I drank my coffee, and go below normal as the coffee effect wore off. Sometimes my pulse would go as high as 137 beats to the minute. My family were greatly alarmed at my condition and at last mother persuaded me to begin the use of Postum.

"I gave up coffee entirely and absolutely, and made Postum my sole table beverage. This was 6 months ago, and all my ills, the indigestion, inactive liver and rickety heart action, have passed away, and my complexion has become clear and natural. The improvement set in very soon after I made the change, just as soon as the coffee poison had time to work out of my system.

"My husband has also been greatly benefited by the use of Postum, and we find that a simple breakfast with Postum is as satisfying and more strengthening than the old heavier meal we used to have with coffee."

Name given by Postum Co., Battle Creek, Mich.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in packages.

ELMER E. JACKSON CALLED BY DEATH

Found unconscious in his room at the home of Mrs. Alice Clough, 180 East Third street, yesterday morning, Elmer E. Jackson succumbed early Tuesday. Death was due to an attack of locomotor ataxia, with which he was first stricken more than 10 years ago, and he died without regaining consciousness.

Mr. Jackson was almost 48 years of age, having been born at Belpre, Ohio (opposite Parkersburg, W. Va.) in December, 1863. He came to Portsmouth four years ago and for some time conducted a postcard and magazine stand on Chillicothe street, next door to the Singer office.

Mr. Jackson was a splendid man and was well liked by a wide circle of friends, who will learn of his demise with sincere regret.

Besides his mother, Mrs. Sue Jackson, who lives with Mrs. Clough, he is survived by a brother, Will E. Jackson, of Columbus, and a half-brother, J. B. Watterson, of Belpre. The former is here to attend the funeral, which will be held from the Clough home Wednesday, at eleven o'clock.

The service will be conducted by Rev. G. S. Robertson, following which the remains will be taken back to the old home at Belpre for interment.

Dismissed From Church

Upper Sandusky, Nov. 28—Jas. Terry, of Marseilles township, recently circulated a petition for the Business Men's Protective Club, which managed the campaign for the wets, carrying the county. This morning at the regular services the matter was taken up, formally, and in the presence of Mrs. Terry, Mr. Terry being absent, he was dismissed from the church, the announcement being made by the pastor, Rev. Mr. Hodge.

Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is regarded as a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, as their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents raking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. NATION TO FIGHT RHEUMATISM

Crusade Begun Against Alarming Increase of "Weather Disease." "Educate the Sufferers" is the Slogan

Washington, D. C., Nov. 28.—Following the recent agitation for a national fight against consumption, extensive tests have recently been made to ascertain what is the most certain method of curing rheumatism permanently.

The claims of many prominent physicians and manufacturers of rheumatism treatments, without prejudice or favor, were taken into consideration. Evidences of cures were carefully scrutinized. T. C. Millard of Flint, Michigan, the discoverer of the Pyro Rheumatism Cure, demonstrated so thoroughly the action of his remedy, its certainty, and the exceptional array of proofs, testimonial letters from chronic cases cured by it, that it was decided to sanction the use of this remedy as being the most reliable and the most definite in curative action. It was pronounced by analysis to be absolutely safe in its composition.

One of the most interesting cases noted was that of Mrs. Mary E. Thorn, 695 Pine St., Dawson, Mich., 57 years old, who had been a sufferer for 11 years, during which time no remedy was found availing. Three days after using Pyro her pains ceased and she is now pronounced cured.

WILL BOOST THE O. S. U.

Columbus, O., Nov. 28—Forty representatives of Ohio State University, at 40 different meetings held simultaneously Friday evening, Dec. 1, in 40 cities and villages throughout Ohio, are part of the movement under the direction of the Ohio State University Association whereby it is expected to fan into a bright flame the enthusiasm and spirit of cooperation for their alma mater of all graduates, students and friends of the institution. In addition to the 40 meetings in Ohio, there will be gatherings at the same hour in Salt Lake City, Calgary, Canada; New Orleans, Pittsburg, New York and Chicago.

The program will be identical at all. It calls for: 8:00, walnut yell; 8:30, skyrocket yell; 9, oath of fealty; 9:15, opportunity to join the Ohio State University Association; 9:30, Carmen, Ohio.

The speaker at Portsmouth will be Judge E. S. Dillon.

Indications, gleaned from letters from these various centers, are that there will be several thousand enthusiasts pledge themselves to work anew for Ohio State at these meetings. More than 800 are expected at the Columbus meeting, which will be held at Ohio Union. As the celebration comes during the Thanksgiving vacation, the present classes will be distributed throughout the state to assist in the meeting.

75 Going To Waverly

State House Talk

Columbus, O., Nov. 28—Although it has been declared that a presidential primary cannot be held in Ohio, it would seem from a reading of the primary election law, enacted last year, for the selection of delegates and alternates to the national conventions, that such a primary would be possible. These delegates and alternates, under the law, are to be elected by a direct vote to the people. Not less than 25 days before the primary for such purpose, each person desiring to become a delegate or alternate to a national convention, shall file with the chief deputy election supervisor of the most populous county in his district, a petition signed by not less than 2 per cent. of the vote cast in the district at the last general election. This means, of course, the vote of the political party with which the person is affiliated. The candidate's name is then certified to each election board in the county and is voted upon at the primary election. The people, if they are interested, can demand of a candidate in advance a declaration of whom he will stand for the nomination for president. For any candidate to refuse to commit himself one way or the other would be suicidal. So if the people prefer any particular candidate for president, they can get behind the candidates who will pledge themselves to vote for the preference of their constituents. In this way, it will be possible, practicaly though not technically, to have a presidential preference primary.

It seems absolutely certain that La Follette will contest with Taft for presidential delegates in Ohio. It is expected that the La Follette people will enter many districts in Ohio and try to secure the election of delegates and alternates who are supporters of their chieftain for the presidential nomination. The La Follette people, however, contemplate this test of strength in Ohio with the president under the plan followed in Ohio three years ago, when Taft captured nearly every delegate of the state, although opposed by Foraker, who was able to obtain less than half a dozen delegates. The La Follette people evidently have not yet learned that the opportunity they wish in their intention of capturing delegates in the Buckeye state can be had under the law enacted a year ago, and which allows anybody to be a candidate for delegate or alternate, who can secure the necessary two per cent. of signers to his petition. The development of anti-Taft sentiment in Ohio, to state a truth, is causing the friends and supporters of the president considerable uneasiness. They realize that his opposition is definite and certain and seems to be growing.

Danny Rosenbecker, received at the penitentiary when twelve years old, to serve twenty years for killing a playmate, has been granted a Thanksgiving parole by the Ohio board of administration. This is the first holiday parole to be granted. Rosenbecker is now about 22 years of age. He was convicted of killing a playmate by stabbing him with a butcher knife. Repeated attempts have been made to have Rosenbecker transferred to the Mansfield reformatory, and also to have him pardoned. Rosenbecker now declares that he did not kill his companion with a knife, but that he accidentally shot him. He said that the coroner frightened him into confessing that he butchered his playmate, by telling him that he would be hung to the nearest tree if he did not make such an admission. Rosenbecker says that if the body of his victim is examined, it will show that he was shot and not stabbed.

State Fire Marshal Zuber has secured the conviction at Cleveland of A. E. Siviter, who, with Thomas Mackenzie, was indicted for firing their jewelry store to defraud an insurance company. Mackenzie will be tried the first week in December. The fire marshal claims that both men have been making it a business to get money from insurance companies through crooked fires. It was brought out in the trial that the jewelry store that the men started in Cleveland, was stocked with "phony" jewelry, which was insured for $3,000. These men had already collected $1,700 on the stock, for a fire they had in Pittsburg about two months prior to the Cleveland fire. Fire Marshal Zuber also claims to have evidence showing that both men were mixed up in a similar fire in Wheeling. Siviter goes under the name of Albert Simpson.

SOCIALIST LECTURE

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glycerin compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature R. V. Pierce M.D.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Play At Grand On Thanksgiving Day

Do not confuse "The Commercial Traveler," which comes to the Grand Opera House Thanksgiving, matinee and night, with "The Traveling Salesman." It is an entirely different play.

Concerning the Grand's attraction, a Springfield paper says:

"The Commercial Traveler, which comes tonight, is the latest of the modern problem plays from the pen of Lem B. Parker, and is considered by critics to be his best work. It deals with the story of the old triangle in matrimonial affairs treated from a new angle. A wronged wife, spurning her wealthy husband, takes the part of the innocent Western girl he has ruined, and by her comfort and support, sets her on the right road to wealth, health and happiness.

"All through the play, while it tells an intense interest story, there is a vein of comedy constantly dropping forth that relieves the tense situations and makes a complete, well-rounded production. The cast is an excellent one and with its special scenic equipment, makes one of the strongest attractions which will visit us this season."

TRIED TO "PICK" RABBIT

Edward Fussnecker, agent for the Chicago and New York Sunday papers, will hereafter pass up the job of "skinning" a rabbit.

His brother, Joseph, brought home a fine big cotton tail and turned the animal over to Edward to prepare it for the oven. Ed. took said rabbit out into the back yard and began upon his job. It is the work of but a couple of minutes to jerk the hide off a rabbit, but an hour passed and no Ed. or rabbit. Then another hour passed and Mrs. Fussnecker went out to investigate. She nearly died from laughing when she saw her son pulling out hair by hair. He had never seen a rabbit dressed and imagined you had to "pick" them like you would a chicken. Ed. had made no impression on that rabbit. His mother walked up, took the rabbit out of Ed's hand and in less than a minute the skin was ripped off. Ed. said that he had about come to the conclusion that he would send that rabbit, and that failing, he had intended to singe it.

Cardinal Falconio Sends A Message To Americans

Rome, Nov. 28:—Voicing the utmost pleasure at the opportunity to express to the American people his appreciation of the hospitality which he enjoyed during his long residence among them as papal delegate to the United States Cardinal Falconio sent the following message through the United Press today.

By Cardinal Falconio.
(Copyright 1911 by United Press)

"It gives me great pleasure to express the deep sense of friendship and of gratitude which I feel with regard to all those with whom my official and my personal life brought me into contact in America.

"Especially do I wish to express my deep appreciation of the high consideration and kind co-operation extended me by the entire hierarchy of the United States. The aid of its members made my official life one of sincere satisfaction.

"To the Catholic priests and people, to whom my deepest recognition is due. They have always shown the highest veneration for the holy father as represented on many occasions by me; and it is one of my happiest duties at Rome, to tell his holiness of his devoted clergy and people in the United States.

"Nor can I omit the invariable courtesy which was likewise extended in all my intercourse with my non-Catholic fellow citizens in the United States including those holding the highest civic positions. I shall always retain the most pleasant recollections of their friendship and good will and I pray that God may bless and prosper all the diverse social elements of that great country and may this prayer render all partakers in its still greater future."

DEATH RINGS DOWN CURTAIN FOR OLD ACTOR

New York, Nov. 28— John Griffith, an old time actor, though hardly known to the theatrical public of New York, died today in a furnished room at 353 West Forty-second street. His friends said that he died of a broken heart because he had never been able to have a place with the stellar lights of the white way.

Griffith was taken up by Edwin Booth when a boy. He played many of the leading Shakespearean characters and was especially known in "Hamlet" and "Macbeth," in which he had appeared at every one-night stand in the country.

He charged the combinations of big producers and managers with his failure to get a hearing in this city and nursed his disappointment until it became the real cause of his death.

GRAY HAIR MAKES YOU LOOK OLD

Gray hair is a mark of age, and nothing that can be said as to its beauty will offset the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time-honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients, which makes a delightful dressing for the hair, and which not only restores every trace of dandruff, but promotes the growth of the hair. It also stops the hair from falling out and makes it beautiful.

All druggists are authorized to refund the money if it fails to do exactly as represented.

Don't neglect your hair and don't resort to obnoxious hair dyes. Get a bottle of Wyeth's Sage and Sulphur from your druggist today, and notice the difference in your hair after a few days' use.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by all druggists.

ANOTHER IRONTON VIEW OF FAMOUS FOOT BALL MIX-UP

The Ironton Register's account of the football scrap Saturday presents the partisan view of the game from the Ironton side. In part it is reproduced below. It will be noticed that Evan Williams, the star football writer for The Times, comes in for much notice and was as much in the public eye up there as the football team. Evan was a great football player and he is as great a football writer as he was a player.

In opening its account, The Register says:

"When the Portsmouth team walked on the field Saturday to play the local team at Beechwood, they looked and acted the part of a team about ready to meet its Waterloo. Surroundings their mammoth center, Selby, they practiced like they were ready and willing to take their defeat but put lots of snap into their practice at that. There were a plenty of rooters on the field for both sides, on the side facing the entrance was a bunch of spectators cheering on the locals, while way over on the opposite field about 100 Portsmouth enthusiasts—Evan Williams and all—were trying to look hopeful with but poor results."

Coming down to the actual scrap The Register gives this version:

"Portsmouth kicked to McMahon who was downed on his own 25 yards line. Finley, McMahon and Evans made good gains on bucks but the ball was fumbled by Finley at the middle of the field and Hitchcock running for P. H. S. lost two yards. The I. H. S. line was impregnable and the ends piled up the interference in great shapes that off tackle bucks were impossible for Portsmouth. Williams by crawling and rolling went 12 yards on the next play and this play ended the game. Supt. Begg quick to notice P. H. S. desperate tactics, penalized Williams for crawling and when Referee Taggart rushed at Begg, the crowd though that a fight was on and had swarmed around the scene of the trouble. Taggart, worked up into a high state of frenzy, wanted to know why Begg had penalized Williams at the same time shoving Begg back. In turn Mr. Begg shoved Taggart back and tried to explain the situation to him. Coach Greveling who was taking the defeat with great bitterness and ever ready to save his team humiliation at the hands of their rivals, squealed and would not listen to reasoning. The disorder was stopped and the game should have been continued, but Coach Greveling quit the field and made the team go with him. In the melee the Portsmouth players rushed at Supt. Begg's back and Coach Crawford thinking that they were seeking Begg's blood, struck one of the players lightly on the head with a stick that he had in his hand. Searcy, the lad who was hit, wore a head scar of the time and the blow could not have injured him in the least.

"During the melee, Bob Finley, I. H. S. halfback, was struck by a missile hurled into the crowd by a P. H. S. rooter and it took the combined efforts of three players to hold Finley. Grant Williams, uncle of Evan Williams, rushed on the field and wanted to fight but he was gently restrained by Coach Crawford and it can be said Ted Crawford acted by far the more gentlemanly of the two. Mr. Williams left the field and threatened to have the I. H. S. team arrested but Professor Taggart returned to the field after the team had gone and apologized to Supt. Begg and admitted that he was wrong.

"Prof. Begg accepted the apology and shook hands with Taggart but expressed himself as displeased at the spirit shown by Coach Greveling and Prof. Taggart agreed with him.

"While the team left the field, the spectators hung back and expected the P. H. S. team to come back and play the game out. But the Portsmouth team was glad to get away and the crowd dissented at the 'yellow streak' that developed with Portsmouth and were not slow in expressing their opinions.

"The game was clean up to the time of the fight, but that feeling or disorder prevailed after the touchdown that spiralled Portsmouth H. S. hopes and several 'old timers' in the crowd made the remark that P. H. S. would quit before the game was over.

"Ironton played rings around Portsmouth and a little break in one part of the game was all that saved another touchdown against the River City rivals.

"The game will go down in history as a wonderful exhibition on skill and cunning on one side and dogged fighting on the losing side. Eight year boys but she's here to stay now."

Wagner Is Leader

New York, Nov. 28.—"Honus" Wagner of Pittsburg, though third in the official list, stepped to the front again this year as the real leader among the batters of the National league, the official batting averages made public today show. Kirke and Jackson of Boston top the Pittsburg veteran in the list, but each played in less than 10 games, while Wagner figured in 120 contests. His average of .334 is somewhat under his marks of 1902-4-5-6-7-8-9. The years he previously led the league, but is an improvement of 11 points over his record of last year, when he ranked seventh on the list, with .320. Miller of Boston, Chief Myers of New York, Dooin of Philadelphia and Fred Clarke of Pittsburg are the other sluggers whose ability with the bat is evidenced by marks within 10 points of Wagner's.

Schulte of Chicago leads the home-run hitters, with 21 circuit smashes to his credit. Lindeman of Philadelphia being a strong second, with 16. Sheckard of Chicago was the man who crossed the plate oftenest, being credited with 121 runs. Fletcher of Cincinnati, is first in base stealing by a wide margin, having negotiated 80 thefts; Devore of New York being second, with 61. Five regulars on the New York team. Devore, Snodgrass, Merkle, Murray and Doyle, stole 247 bases in the aggregate and the club's total was 357.

New York led in club batting with .279 with Boston second at .267.

How Little Peter Views That Game

Peter A. Burke, nationality not given, rips off a couple of yards in the Ironlonian of Tuesday, to explain how Ironton won from Portsmouth High on Saturday. He says under his signature:

"There is some talk now being breezed about that Ironton and Portsmouth will play another game on a neutral field for the football supremacy of this part of the state with officials who are in no way concerned with the school. The I. H. S. players and students sincerely hope that this end will be accomplished for every one is confident that I. H. S. can clean Portsmouth off the face of the earth.

"The Portsmouth papers exaggerated the affair of last Saturday but we understand why. You see the offense used ordinarily truly be a monstrous one which will cause a football team to show a radiant streak of 'yellow' as to leave the field when they are being walloped, hence the squeal in the Portsmouth papers, it being hoped thereby to fool the Portsmouth lovers of the game.

"Our friend, Evan Williams, who hands out dope to the football bugs of the River City, in goodly hunks makes a deep sounding noise about the officials being two to one in favor of Ironton and indeed if this was true, which it is not, did not Portsmouth have three in the game at Portsmouth? Yet not very great howl was sent out from the Ironton camp about Dr. Jackson's bad judgment which practically gave the game to Portsmouth. To show that Portsmouth was not above using rough tactics to win the great game we will quote from Evans' write up in which he states that the P. H. S. was whistled off to some secluded spot in the park and exhorted by loyal friends and coach to go back into the game and win at all hazard.

"If the Ironton players are such a bad lot as the Portsmouth scribes would have their readers to believe it seems quite peculiar that Ironton High has not had any trouble with any of the other teams which she has played this season while P. H. S. seems to be unable to get by without causing some sort of a ruction when she plays away from home. Portsmouth is only team with whom our athletic relations are in any manner strained while P. H. S. is at odds with Jackson, Ashland and Circleville. Ironton will continue to be friendly to P. H. S. if they so desire. The true sportsmanlike way to do now is for Portsmouth to get out a good baseball or basket ball team and try her hand at giving our H. S. team a drubbing. Let us await developments.

Yale's Season Successful Financially

New Haven, Conn., Nov. 28.—Every member of the Yale eleven, including Bomeister, whose shoulder was dislocated in yesterday's game, reached his home last night. Bomeister carried his arm in a sling, but was able to attend the banquet at which the eleven disbanded last night. Captain Howe said that the election of next year's captain would not be held until after the Thanksgiving recess. Camp, Spalding, Hillhis and Bomeister have about even chances as candidates.

The opinion prevails among Yale players, coaches and athletic officials that the playing rules must be changed if public interest in the games is to be retained. Scoreless games will not continue to attract crowds to Yale-Harvard games, according to views held at Yale.

With yesterday's game Yale closed the richest financial and poorest athletic year since modern intercollegiate athletics began. Yale won only a single victory in the four major sports over Harvard, her best showing in any being in football, in which she tied the Crimson, and in track athletics, in which she was victorious in the dual meet.

For the first time in Yale's history Princeton defeated her in all four of the major sports.

Saturday closed the banner year in football. Yale's receipts will probably come close to $80,000. From the Harvard game Yale's share will be about $30,000, from the Princeton contest about $21,000, from the Brown game about $5000, and from the minor games about $3000.

Cutters To Bowl

Tonight the married men and single men, composed of cutters of the Irving Brew Shoe Co., will bowl a match series of three games at the Play House alleys.

Zeke Wrigley Gives Out An Interview

George Wrigley, last year's successful manager of the Babes, was a visitor in Chillicothe last night for the purpose of having a conference with President Siberell of the baseball club, but was unfortunate in not finding him at home, says the Chillicothe News-Advertiser. President Siberell is in the South on a business trip.

To a News-Advertiser man Zeke said that since the meeting of the National Association of minor league teams in Texas last week, it is now an assured thing that there will be an Ohio league and naturally he is interested in knowing where he is at. "I have several good offers for next year," said Zeke, "but I want to come back to Chillicothe if I can. It is near my home and I like it here and I believe we can do better than ever next year."

The refusal of the National Association to let Springfield out of the Ohio league into the Central, has almost convinced Manager Wrigley that it will be impossible for that team to get away. He said that enough club owners have expressed themselves as being opposed to letting Springfield go, and that the team cannot get away without their consent.

According to Manager Wrigley, Hamilton, Piqua and Lima are certain to be in the league next year and he also believes that Mr. Armour who purchased the Lancaster team, will also place a team in some good town and manage it himself. Zeke says that is enough talk around Columbus to convince him that the Ohio league will be in good condition next year.

Manager Wrigley had had no conference with the local directors since the season closed, about next year's management, but he has met enough local fans who have convinced him that they want him back. It is very probable that if the wishes of the fans are consulted the majority would vote for his retention. He undoubtedly gave the club the best that was in him last year, and this season will have a pretty fair list of players to start with. One big expense that of trying out hordes of players, can be saved. The main item with the team is to get a good catcher. If the league is again Class C next year, under the rules adopted at San Antonio, it will be possible to only carry thirteen men.

Displeased At Action Of Secretary Farrell

A Sunday telegram from Marion reads:

The action of Secretary Farrell of the National Baseball Commission in declaring free agents the local players of the Ohio State league in last year's team was branded as unjust by the Marion club directors Friday. They say Farrell has in his possession $200 draft money paid for Bigger players and this would have been more than sufficient to pay all the players claims. The directors further say his ruling ends organized baseball in Marion.

The chances are that some one else in Marion will now make an effort to get up a team. For years there has been complaint about the management and the story always was that under different men, baseball could be made to pay.

Bresnahan Likes Big Buster Keene

St. Louis, Nov. 28.—"How about the report that Jack O'Connor will gumshoe through the fall limber for the Cardinals next year?" was the query a newspaper man shot at Roger Bresnahan the other day.

"I discussed the matter with a friend of O'Connor's but that's as far as it has gone," said Bresnahan. "I had two scouts out last year. Jack Hueston and Charles France. The St. Louis club spent a big bundle of coin for young ball players and drew practically in the draw net."

"How about Jack Hueston's 'phenom,' the sensational youngster he had under cover for the St. Louis club?"

"That chap's name is Keene, and he now is playing with the Pittsburg Pirates," responded Roger. "Jack Barston saw Keene in action with the Springfield, O., club last spring and became enthusiastic over the kid. He touted Keene so strongly that I took a peep at the kid, saw him work on first base, then tried to buy his release. W. H. Watkins of Indianapolis, owns the Springfield club. I tried to get 'Wallie' to put a price on the kid, but he 'strung' me along for weeks. Finally I offered to buy the entire Springfield club to get Keene; then I learned that the player belonged to Pittsburg. Keene joined the Pirates last fall and batted for McKechnie twice in games at Robinson field last fall, fanning both times. He looks like a real ball player and I wish he was a member of my squad.

"Cravath of Minneapolis, is another player I tried to land," added Bresnahan. "Two St. Louis clubs offered $7500 for his release. Joe Cantillon turned the offer down. Ball players come high these days. Pittsburg paid $70,000 for Kelley and O'Toole."

Dope For The Fans

No one is surprised by the announcement of Jimmy Callahan that he will not manage from the bench next season. After the game that Jimmy played last year, it would not be showing good judgment on his part to keep from active duty every day.

Kid Elberfeld and Wid Conroy, two of the infield veterans of the Washington club, will not be with the Nationals in 1912, according to the report coming from Washington. These "vets" have showed up in such an extent that Griffith is after new material to put life into his infield.

Connie Mack says that every player that stays ten years in the major league should have sailed away at least $15,000. There are many "vets" who have seen that length of service that are quite shy of that $15,000.

If Bobby Wallace should resign his job as manager of the Browns, Colonel Hedges may have some trouble finding a man who is willing to be called everything under the sun simply because the St. Louis American leaguers never climb any higher than eighth place.

Roger Bresnahan says that Grover Lauderm lk would never make a good pitcher for the National league, but that he ought to be a whirlwind for Billy Grayson's Louisville club in the Association. Wonder what kind of an opinion Roger has of the pitchers in this league.

The Boston National league club has had eight presidents in the last forty years, or an average of one every five years. They say variety is the spice of life and there ought to be plenty of spice in the Hub district.

Connie Mack will not send a contract to Lefty Russell next spring, says an Eastern report. The Athletics' leader claims that Russell hasn't the right temperament to become a good pitcher and yet some say there is no art in baseball.

Fielder Jones, the former manager of the White Sox, who is being touted as the man to succeed Hal Chase next season. Every time a manager quits or gets released in the major leagues some enterprising writer picks Jones as his successor, but that is about as far as it goes.

It is said that Frank Chance of the Cubs, is willing to trade Miner Brown to the Philadelphia Nationals for Earl Moore. Chance would also like to get Magee and Lauderus. He might just as well trade his present machine for the one of the Phillies, it would be about the same thing.

President Farrell of the Highlanders says one don't know how hard it is to find a competent manager until he is without one. Farrell ought to know just how it feels, for he hasn't had one in years.

Manager Tighe of the Louisville club says that he is well pleased with the outlook for the Colonels in 1912. According to the reports from Kentucky, he is about the only one feeling that way about it.

Toledo claims the record of playing to the smallest crowd of the 1911 season right in their own town, too. The Colonels were their opponents and there were just exactly 87 Mudhen fans out to see the struggle. Louisville's share of the gate receipts for this game was $11.

Joe Heydler, secretary and treasurer of the National league, is the newest applicant for the presidency of the American association. With so many candidates to consider, George Wheeler will have a hard time deciding on whom he wants to lead the Association in 1912.

Noted Jumpers Burn To Death

Lexington, Ky., Nov. 28.—In a fire at Stockwood, the farm of Captain Jas. Williams, at Spring station, near Versailles, Ky., Sunday afternoon, Governor Gray, winner of the American Derby at Jacksonville, Fla., last year and this year's Latonia Derby and County Tax, both geldings, burned to death. Both horses had been big money winners for Captain Williams on various race tracks in this country as well as Canada.

Governor Gray was valued at $25,000 by his owner and County Tax was held at $20,000.

Going After Wolgast

New York, Nov. 28.—It has been definitely settled that Knockout Brown, the local lightweight, will go to California and fight Danny Morgan, manager of Brown, said that he has made up his mind to take K. O. to the coast and will match him to meet Ad Wolgast for the lightweight championship title on the afternoon of February 12, 1912, if Jim Coffroth can sign Wolgast.

REFORM GAME IS THE CRY

New York, Nov. 28.—Brown "reformed" football is today the slogan of alumni of eastern colleges living in New York, who are dissatisfied with the showing made by the big teams during the season just closed. Never in the history of football has a season closed with stronger condemnation for the rules of the sport insofar as scoring is concerned.

In consequence of all this it is expected that when the rules committee convenes, important steps will be taken to regulate the game and rules will be abolished which gives undue advantage to a weaker team when it meets a stronger one. Both the players and the spectators want more touchdowns and less kicking. Interest has been distracted from the game by the absence of aggressive line plunging and long runs which formerly featured the sport. Spectators and the coaches believed that touchdowns represent more skill than field goals.

Comments On Prof. Greveling's Article

Commenting upon the statement made in Monday's Times by Prof. J. P. Greveling, the frontonian of Tuesday says:

"Prof. Greveling, coach of the Portsmouth football team, who declined to let his team play out the game here Saturday for fear that the Ironton lads would double the score or better, through the Portsmouth papers serves notice that all athletic relations between Portsmouth and Ironton High schools are severed.

"It's a safe bet that the members of the Portsmouth football team, who almost to a man are true sportsmen, don't approve of such an ultimatum. Several of the Portsmouth players manfully admitted Saturday after the game that they had lost the game because Ironton outplayed them, but said they 'you can't do it again' with which statement, of course, the Ironton players don't agree.

"The Portsmouth lads themselves didn't raise any howl because of the unfortunate mixup but were willing and anxious to finish the game and take her defeat like men. Not so with Prof. Greveling, however, who gladly grasped the chance to withdraw, and who now further seeks to save his team from defeat by severing all athletic connections."

Boosting Big Mike

The Cincinnati papers are offering all sorts of suggestions as to who should pilot the Reds the coming season. They helped President Herrmann get rid of Griffith and now believe they should be especially solicitious in helping to name his successor.

The newspaper boys have not exhausted the entire roster as yet, but they are doing the best they can. The list latest name to be sprung is Mike Mitchell. They tried most every other player in the country before they centered upon the candidacy of Mitchell. Now they are singing his virtues and boosting like good fellows for the popular sun gardener.

Well, after a while the much mooted question will be settled and the manager will be positively named. Maybe it will be Mike—he's the best in the list so far named.

Hansens Five Lose Three To Haas Five

Haas' Five, ably coached by Captain Bud Walters, took three straights from Hansen's Five at the Play House alleys, Monday evening, rolling a total of 2755 pins as against their opponents 2755.

The best work for the victors was done by Byron Prediger, who totalled 532 pins, good for a 177 average. Byron got an awfully poor start, due in a measure to the fact that he bumped into many splits. However, to show his nerve was strong, he came right back in contest number two with 201, the high score of the present tournament and finished with a mark of 180. Captain Walters was not far behind Byron, making an average of 176 for his, a fine showing indeed. The rest of the Haas boys were only fair. Fred Prediger reaped high score in the opening contest and then fell by the wayside. Ferguson encountered a large number of splits and thus pulled his average down to a little over 150. Bressford, a new man, made a nice showing and displayed sufficient ability to become a regular.

For the Hansen boys, Reuben Smith, our captain, was the bright particular star. Have you been keeping tab on Smith's work this season? As steady as a clock he has been garnering enough pins to make him a serious contender for the first team at Chicago. Last evening he went across the 200 mark, rarely missing. Ed Kuffle, one of the best natured fellows in the world, got away to a poor start, but came with a rush and made those pins beg for mercy. Distel has not yet gained his stride, but is coming fast and will be hard to catch soon. Brenton is showing some improvement, while Brisker is still experimenting with his hook and getting poor results. He's game, though, and when he masters his new delivery will make up for lost time. The scores:

Haas' Five.	1	2	3	Total
Ferguson	152	135	161	448
F. Prediger	168	149	173	490
Bressford	163	161	159	483
B. Prediger	111	211	180	532
Walters	135	179	192	506
Totals	782	835	865	2483
Hansen's Five.	1	2	3	Total
Smith	177	166	159	502
Distel	151	156	114	421
Brisker	141	168	151	460

WANT A REVISION OF THE RULES

New York, Nov. 28.—With the football season practically ended coaches and players alike today are joining in a demand for a revision of the rules.

The 1911 rules have proven wholly unsatisfactory to players. They say teams have all been built around one man, the kicker. The duties of the linemen and backs, they say, have been merely to keep the kicker safe.

A demand is made for greater ability in rushing the ball inside the 20 yard lines. Teams with good defenses have hardened up when their own goals were endangered and it has proven almost impossible to score touchdowns in straight football. They instance that in the Harvard-Princeton, the Yale-Princeton and the Yale-Harvard games only one touchdown was scored on a straight rush through the line—when Wendell took the ball over Princeton's goal.

There is a growing sentiment for the 5 yards of the distance to be gained inside the 20 yard zone from 10 to 5 yards. This, the players believe, would permit a team to score on fine rushes instead of attempting a drop-kick every time the ball was worked close to the opponent's goal.

Fourteen Ministers Aided In Dedication Of New Church

It is seldom that Portsmouth church members have the pleasure of seeing and hearing fourteen of the city's ministers in one evening, but such was the case Monday, when the second service of dedicatory week was held at the Second Presbyterian church.

It was the Service of Christian Fellowship and each minister brought a word of greeting and good cheer from their own congregation.

On the platform were seated Rev. J. W. Dunning, of the First Presbyterian church, who presided at the service; Rev. S. D. Conger, former pastor of the Central Presbyterian church; Rev. J. W. Dillon, former pastor of the Bigelow church; Rev. Freeman Chase, pastor of the Free Will Baptist church; Rev. Crayton S. Brooks, pastor of the First Christian church; Rev. W. H. Hartinger, pastor of the Trinity M. E. church; Rev. W. H. Howard, pastor of the United Brethren church; Rev. A. H. Anthony, former pastor of the Grandview Avenue Christian church; Rev. J. W. Atkinson, pastor of the Manly M. E. church; Rev. F. J. Baumann, pastor of the German Methodist church; Rev. F. A. Maier, pastor of the Kendall Avenue Baptist church; Rev. A. F. Hughes, pastor of the Bigelow M. D. church; Rev. Charles Robertson, pastor of the Second Presbyterian church, and Rev. G. W. Grimes.

Several of the ministers who were on the program were not present last night. They were: Rev. E. J. Hamilton, pastor of the Grandview Avenue Christian church; Rev. G. H. Freund, pastor of the German Evangelical church; Rev. W. H. Christian, pastor of the Central Presbyterian church, and Rev. T. H. McAfee, pastor of the First Baptist church.

Music Also A Feature.

Not only was the service of Christian Fellowship unusual because of the number of ministers present, but it is seldom that one has the pleasure of hearing so many different church choirs or the representatives from other churches.

The music was particularly pleasing and the service will be another that will go down in church history as unique and entertaining.

Rev. John Wirt Dunning, who is always at ease in the pulpit, presided at the service Monday night, which was opened by an organ prelude by Miss Lollie Anderson. The large congregation at the close of the prelude stood and sang, "Onward Christian Soldier." The several choirs, together with the hundreds of voices in the large auditorium made the grand old hymn ring through the church. Rev. S. D. Conger was then introduced by Rev. Dunning, and in a pleasing voice the minister read the scripture lesson, taking for his text the Twenty-fourth Psalm.

Trinity Choir A Fine One.

The Trinity church choir then sang "Send Out Thy Light." The Trinity M. E. choir has long been known as one of the best choirs in the city and in the beautiful auditorium at the Second Presbyterian church they more than delighted the congregation.

Rev. J. W. Dillon, one of the grand old men of the city, and a favorite with every minister in Portsmouth, led the congregation in prayer.

The presiding minister, Rev. J. W. Dunning, then gave a short talk, but one of the most pleasing and most beautiful of the entire evening service. Rev. Dunning has a flow of English that few public speakers have, and the greetings that he brought from the First Presbyterian church were more than appreciated. Rev. Dunning stated that there was a difference between unity and uniformity and the meeting of so many ministers at one service showed that there was unity in the purpose of the work of the christians in the city of Portsmouth.

Rev. Obase Introduced.

Rev. Dunning then introduced Rev. Freeman Chase. Rev. Chase brought greetings from one of the smaller and younger churches of the city, but they were hearty greetings nevertheless. Rev. Chase stated that he would claim especial honor by being called on first to bring greetings from other churches.

He congratulated the members of the Second Presbyterian church on seeing their day dreams turned into reality. The beautiful church showed faith and love, said Rev. Chase, and it was an incentive for other churches to work for the Glory of God.

Rev. Crayton S. Brooks was the second minister called, and as usual, Rev. Brooks delighted his hearers. He brought greetings from the First Christian and its thousand members. Rev. Brooks stated that he did not believe it possible to build a too beautiful and too expensive church to be in harmony with the Glory of God. It is impossible to put too much money or space into the church of God.

Rev. Hartinger Makes Address.

At this point in the service the German Evangelical church choir sang a beautiful hymn, after which Rev. W. C. Hartinger made a short, but delightful address. The first words of Rev. Hartinger brought a smile to the faces of the congregation, and he seemed to bring everyone to life. He began by telling that he was small and could not stand down in the part of the pulpit where he had been seated, but nevertheless he was about the same size as other "Willies and Charlies" in the ministry in Portsmouth. In part Rev. Hartinger said:

The building of the Second Presbyterian church means something, as every building in the city of Portsmouth means something. The houses mean homes, the court house, law; the schools, education, and the churches mean worship. As there is strength in this building," said Rev. Hartinger, so may it develop character and strength in every one who enters its portals for worship."

Rev. Hartinger was followed by Rev. W. H. Howard, who brought greetings from the United Brethren church. Rev. Howard stated that in looking around over the pulpit he was firmly convinced that they were all "United Brethren."

"This church is the window of God," said Rev. Howard," through which the souls look heavenward."

Should Stand For Something.

Rev. Howard's short talk was followed by "Blest Be the Tie That Binds," which was sung by the congregation. Rev. Dunning then introduced Rev. A. H. Anthony, who gave a beautiful talk for a few minutes. In part he said: "You are going to stand for something in the years to come. You are going through a process of moulding, and it is the wish that you live up to this beautiful house of worship."

Rev. J. W. Atkinson was then introduced, and in his greetings from Manly M. E. church, he said: "I represent one of the smaller churches, but we all feel big tonight and Manly church rejoices with you Presbyterians in every sense of the word.

At this point in the program Mrs. Wilson, wife of Dr. Wilson, of Wheelersburg, rendered one of the most exquisite of pipe organ selections. Mrs. Wilson is an artist of rare ability, and the notes of the big organ were most pleasing under her touch.

Rev. Baumann, of the German Methodist church, brought greetings from his congregation, and he stated that he felt like the three brothers who came to this country with the same name, but after scattering into different parts of the country, their names had been changed, but they still remained the same in meaning, and so it was with the names of the churches; they had different names, but all stood for the same thing.

Rev. F. A. Maier was then introduced. Rev. Maier represented the youngest and smallest church in the city, the Kendall Avenue Baptist church, but the greetings he brought were just as sincere and as hearty as those from the larger churches.

Mrs. James, wife of Judge W. D. James, in her own inimitable way, sang a beautiful solo, "Be Merciful."

Bigelow Rejoices.

Rev. A. F. Hughes, of the Bigelow church, stated that the Bigelow members rejoiced with the members of the Second Presbyterian church. It was more natural for persons to weep with those who weep than rejoice with those who rejoice, but on this occasion the members of Bigelow were rejoicing over the beautiful church which added so much to this city.

At this time Rev. Robertson made a short talk and the happy smile that radiated his countenance showed that he appreciated all of the beautiful addresses that had been made by the ministers.

Rev. Robertson again announced the good things that were in store for those who would attend the other services during the week. He laid particular stress on the organ recital which will be heard Thursday night, and the Thanksgiving services, which will be held Thursday morning.

The splendid services were closed by the First Presbyterian church choir singing "The Lord is My Salvation," and Rev. G. W. Grimes pronouncing the benediction.

MARRIAGE COULD NOT WAIT

And in the midst of it all Rev. Crayton S. Brooks, of the First Christian church married them.

That is exactly what happened at the Second Presbyterian church Monday evening. Just in the midst of the service of Christian Fellowship a message came to Rev. Crayton Brooks asking him to step into the church parlors to perform a wedding ceremony. Rev. Brooks had completed his address to the congregation and in a few minutes after the message was received he had united in wedlock Miss Julia Blair Downs, a member of the First Christian church, and Edgar Forest Rowley, a member of Bigelow church.

GETS OPTION ON LAND

It was learned Tuesday that Attorney Harry W. Miller had secured some additional options on farm-places in and about Wheelersburg.

Mr. Miller, when asked by the Times, admitted that he had secured some more options, but said he did not care to reveal at the present time on what places they were given. Asked as to whether the lands were sought as a site for a proposed manufacturing concern, he laughed and said, "I wish that were true." He hoped to be able to make some definite announcement regarding the purpose of the options within the near future.

The Methods used by us are the latest and only such as have been approved by the leading Specialists of the World.

When you place your case in our hands you do so with the assurance that no matter how long you have been treated without success you will receive what you desire. A cure of your trouble, if your case is curable.

Many have spent hundreds of dollars without receiving a cure—have thrown away their money and received nothing in return, but after treating with us a short time their improvement has been so marked and they have been returned to "perfect health" so quickly that they have expressed the greatest regret over the fact that they did not obtain our services at the start.

Has this been your case? Have you spent your money in a fruitless effort to be cured without obtaining any benefit? Have you taken treatment so long that you have despaired of ever obtaining a cure of your trouble? If so, we say to you Call and See us and we will quickly convince you that we can and will make good every promise we make.

Don't hesitate to come to us because you feel you will be unable to pay. We are more interested in seeing that you are completely relieved of your trouble than in what you pay or how you pay us. You will find that our fee will be no more than you can conveniently pay and we are willing for you to pay it in any way that will suit your circumstances.

Our specialty is treatment of the Head, Lungs, Stomach, Liver, Kidneys, Bowels or Sexual Troubles and women and men with nervous prostration, who are discouraged and despondent cured, no matter how many doctors have given you up; Nervousness, Lost Vitality, no matter what the cause, Varicose Enlargement, Blood Poison, Piles, Cancer and all lingering Chronic Diseases—the success we have and the large number of patients we are dismissing happy in the thought that at last they have gotten rid of their troubles, assures you a cure where others have failed to even benefit you.

We will cure you quicker than other specialists for the reason that with our immense practice we are able to do the right thing at the right moment in the right way in order to bring about the quickest scientific results.

We say to those who have taken other treatment without benefit and to those who have neglected themselves until their condition has become chronic, begin treatment with us at once, and you will receive decided benefits and a cure of your trouble.

To those who are feeling the first symptoms of their trouble—Not sick but worn out—lack energy and have a feeling that they do not have the ambition they used to have we say it is your duty to yourself to consult us at once and find out just what is the matter. We will make a thorough examination of your case and tell you just what is necessary for you to do.

Don't waste time and money in experimenting—you can't afford to treat with anyone but the best for if you do you will pay out more money in the end without receiving anything in return than it would have cost you to get the best treatment in the beginning. Nor can you afford to neglect yourself—to let your trouble run along without attention—for just as sure as you do you will find that your trouble will become chronic and will require much more time to get rid of it. "Take time by the forelock" and be cured at once. You don't want to burden your whole life by neglecting yourself now. Call and find out just where and how you stand.

Superior Treatment will cure you, Inferior won't. Which do you want? Address all communication to Dr. Albert F. Snell, 16 Garfield Place, Cincinnati, O. Or 311-312-313 MASONIC TEMPLE, PORTSMOUTH, O.
